

## **GENERAL INFORMATION**

### **Baggage Storage**

Please see an OASIS staff person if you require assistance with any baggage storage.

### **Evaluation Forms**

Each registration packet will include an evaluation form. We ask that you please fill out this form and return the completed version to the drop-off box located in the registration area. Extra evaluation forms may also be found in that area. These evaluations are important to us, as we will take note of speaker reviews when deciding future programs.

### **Hotel Information**

Slough/Windsor Marriott Hotel  
Ditton Road, Langley  
Slough, SL3 8PT United Kingdom  
Phone: 44 1753 544244

### **Interoperability Demonstration**

The eXtensible Access Control Markup Language (XACML) has emerged as a front runner in solving complex access control problems in the enterprise. Providers of XACML-compliant products will conduct an interoperability demo using healthcare requirements from the U.S. Department of Veterans Affairs, HL7, and HITSP. Attendees will have the unique opportunity view each demo separately, as well as have one-on-one conversations with experts from IBM, Axiomatics, Symlabs, and the HERAS-AF Project at the University of Applied Sciences Rapperswil (Switzerland).

The demonstration will take place at 16:15 on Wednesday, 1 October, in the Southgate Auditorium.

### **Internet Access**

Ditton Manor is supplying our delegates with an Internet access area. Please feel free to stop by the Restaurant to check your email.

### **Luncheons**

Lunch will be served in the Manor House Restaurant Tuesday through Thursday. Lunch is included in the registration fee.

### **Member Sections at OASIS**

OASIS hosts several Member Sections including IDtrust, Telecom, Emergency, and eGov. Member Sections offer a unique advantage for independent groups interested in advancing and promoting the intelligent use of open standards.

Stop by the registration area to learn more about these and other OASIS Member Sections.

### **OASIS Membership Information**

Please contact any OASIS Staff Member for information about OASIS membership and how to participate fully in OASIS technical work.
